Examples of acceptable coursework include: an MBA, CFP® or CFDA®. Additionally, advisors must have work experience that demonstrates their aptitude for investment management, and financial planning.

Colman Knight Advisory Group, LLC requires that any employee whose function involves determining or giving investment advice to clients must be a graduate of a four year college and must:

- Have previous experience in insurance, investments, accounting, or financial planning;
- Hold or be pursuing one of the following designations: Certified Financial Planner™ (CFP®), or Certified Divorce Financial Analyst (CDFA®), an attorney in good standing;
- Subscribe to the Code of Ethics of the CFP® Board of Standards; the FPA Standards of Care and Code of Ethics, and the NAPFA Standards of Care and Code of Ethics;
- Be properly licensed for all advisory activities in which they are engaged.

## Professional Certifications

Employees have earned certifications and credentials that are required to be explained in further detail.

Certified Financial Planner (CFP®): Certified Financial Planners are licensed by the CFP Board to use the CFP mark. CFP certification requirements:

- Bachelor's degree from an accredited college or university.
- Completion of the financial planning education requirements set by the CFP Board ([www.cfp.net](http://www.cfp.net)).
- Successful completion of the 10-hour CFP® Certification Exam.
- Three-year qualifying full-time work experience.
- Successfully pass the Candidate Fitness Standards and background check.
- 30 hours of continuing education every 2 years.

Master in Business Administration (MBA): The Master in Business Administration (MBA) is an academic degree higher than a bachelor's degree but lower than a doctor's degree. This degree provides theoretical and practical training to help graduates gain a better understanding of general business management functions. MBA general requirements:

- Bachelor's degree from an accredited college or university.
- Graduate Management Admission Test (GMAT).
- Accepted by the program based on its selection criteria.
- Completion of required coursework with a passing grade.

Juris Doctor (JD), Esquire (Esq.): The Juris Doctor, also called a Doctor of Law or Doctorate of Jurisprudence, is the law degree typically awarded by an accredited U.S. law school after successfully completing three years of post-graduate law study. Those who hold the degree of Juris Doctor are professionals committed to the practice of law, and they are primarily concerned with ensuring that laws are upheld and followed in a variety of circumstances. JD program general requirements:

- Undergraduate's degree from an accredited college or university.
- Law School Admission Test (LSAT).
- Accepted by the program based on its selection criteria.
- Completion of required coursework with a passing grade.
- Successfully pass the bar exam to be licensed to practice law within their jurisdiction.

Professionals who pass the required bar examination are known as lawyers or attorneys, and they are designated by the suffix esquire (Esq.) or J.D. Not all J.D. degree holders sit for the bar exam, and thus not all J.D. holders are licensed attorneys, unless the jurisdiction permits otherwise.

Uniform Registered Investment Advisor Representative (Series 65): The Series 65 is a securities license required by most U.S. states for individuals who act as investment advisors. The Series 65 exam, called the Uniform Investment Adviser Law Examination, covers laws, regulations, ethics, and topics such as retirement planning, portfolio management strategies, and fiduciary responsibilities. While there are no prerequisites in order to sit for the Series 65 exam some firms require significant industry experience as well as other industry designations to manage client's accounts and provide professional investment advice.
