How to Get Started

1. Once you have completed the self-registration process for your Integral Wealth Portal, you will receive a Website Registration Confirmation email. Using your smartphone, access your email and click on the **SIGN IN** link provided. Before logging in, add or save the link to your smartphone's **Home** screen.

2. The first time you access your Integral Wealth Portal on your mobile device, you will enter the same Username, Password, and Passcode verification you enter on your desktop. After this initial login, you will be prompted to register your device and create a 4-digit Passcode for easier access in the future.
